BUILDING A FAMILY OF SUPPORT

1. Take advantage of the World Federation of Hemophilia’s (WFH) activities to identify yourself and your family as members of the bleeding disorder community.
2. Raise awareness in your social media network of the need to improve and protect care and treatment to the bleeding disorders community and beyond.
3. Connect with, participate in, and contribute to the global bleeding disorders online community on the WFH’s social media platforms.
4. Show support and provide education to new patients and their families.
5. Educate those in your circles who may not know about bleeding disorders.
6. Start the conversation about bleeding disorders online and engage others in issues that concern you and your community.
7. Highlight the need for care, support, and advocacy in the bleeding disorders community.
8. Support advocacy efforts with government officials and encourage people to get involved.
9. Demonstrate that everyone can play a key role in effecting change to improve their lives and the lives of others.
10. Attract more volunteers and members to your organization and into your online community.
11. Raise funds to support your activities.
12. Join the WFH Global Feast to raise awareness and funds for the WFH.
13. Support your local hemophilia treatment centre. If you cannot donate money then see if you can donate time and volunteer.
14. Support the WFH and its vision of Treatment for All.
