HEAR THEIR VOICES

On World Hemophilia Day let’s come together to show our support for the millions of women and girls affected by bleeding disorders.

The WFH is pleased to be taking the opportunity on World Hemophilia Day to bring attention to the women and girls in our community who live with a bleeding disorder or has someone in their lives who does.

LIGHT IT UP RED!

We have seen amazing participation by both our community and partners over the past three years. We have grown the Light it Up Red! initiative to include more than 40 landmarks around the world lit in red for World Hemophilia Day. Help raise awareness in your community by contacting a landmark and lighting it up red for April 17!

ONLINE

Join us at www.worldhemophiliaday.com to share your stories about women in our community. You are invited to post videos, photos, or share an experience.

SOCIAL MEDIA

#WHD2017 Talk to us, tweet at us and let us know how you are celebrating World Hemophilia Day 2017!

WFH eLEARNING PLATFORM elearning.wfh.org

Please go to the new WFH eLearning Platform and find the many resources we have for patients and healthcare professionals about diagnosis and treatment for women with a bleeding disorder.

There are also many available resources to support those with a family member, friend, or patient who lives with a bleeding disorder.

FOR YOUR ORGANIZATION’S WORLD HEMOPHILIA DAY CELEBRATION

Please see what resources we have at www.wfh.org/en/whd to support your organizations World Hemophilia Day events.

The WFH would like to thank our 2017 World Hemophilia Day sponsors for their continued support.
